It did not. I remember it coming out after public comment period so we did not have discussion in the permit or SOB. Unless there is a modification (or new construction/ reconstruction) then they would still be subject to NSPS WWW.

Subject: [permit] NSPS XXX Part 71 Permits

Hello everyone: I am looking for recent part 71 permits for landfills that incorporate NSPS XXX requirements (as opposed to WWW requirements). If anyone has any examples, please email to me directly. Thank you kindly.
